PSHE is at the centre of daily life within our school, providing opportunities to learn about rights and responsibilities and appreciate what it means to be a positive member of a diverse and ever-changing society. At Eastwood Village, we promote the school values of honesty, kindness, respect, responsibility and confidence, all of which are embedded through our PSHE/RSE curriculum.

## PSHE/RSE Cross-curricular Links

### Music

Children experience music from around the world and a variety of cultures. Also, children learn intrinsic values such as respect and tolerance with our anti-bullying songs. children's memories, confidence, health and social development. It strengthens bonds, cements community and can instil a feeling of wellbeing. Songs can help us reflect on who we are, how we relate to others, what we want from life and how fortunate we are to be happy.

### R.E.

There is a close link to our British Values and ethos as our children learn to be:

- interested in learning about different World Views
- show respect to the different beliefs and traditions of others
- have a broad knowledge of a variety of beliefs, traditions, values and cultures
- explore awe and wonder through asking questions and discussion
- make links across different faiths and beliefs
- refer to different scriptures

### Art

Children learn about Artists from around the world and a variety of cultures. Our Art curriculum gives our children a chance to express themselves if they don't have the support to do that at home. It also enables our children to think creatively and inventively.

### Science

There are strong links between our PSHE/RSE and Science curriculum in which the children are taught about parts of the body, how to take care of themselves and how their bodies grow and change over time.

- Our children who recognise that their daily lives are shaped by science – managing our health or understanding the need to recycle etc
- Healthy scepticism – children ask challenging questions as they explore the world and form their own opinions
- Our children make greater sense of their world, increasingly shaped by science and technology
- Helps to develop their Communication skills

### DT

As part of our DT curriculum, children are taught how to prepare healthy dishes, linking with the Health and Wellbeing aspect of our PSHE/RSE curriculum. Also, through our Winter and Easter Fayres we help to raise money for local charities (Rotherham Hospice).

### P.E.

Children develop high levels of physical fitness. Also, they develop a healthy lifestyle, achieved by eating sensibly, avoiding smoking, drugs and alcohol and exercising regularly. They learn the ability to remain physically active for sustained periods of time and an understanding of the importance of this in promoting long-term health and well-being. Finally, they develop the ability to take the initiative and become excellent young leaders, organising and officiating, and evaluating what needs to be done to improve, and motivating and instilling excellent sporting attitudes in others.
