Eastwood Village Primary School

PSHE is a subject which helps children and young people to grow fully as individuals while being part of a family, the wider community and society. By developing knowledge, built upon skills, resilience and positive attributes.

These are needed to keep them healthy, safe and productive, thus preparing them for life and work in modern Britain.

We organise events throughout the school year to boost these skills the children are learning.

Google Legends came to visit us. (E-Safety)

Mrs A Foxley Johnson visited us for an assembly in anti bullying . (Anti Bullying)
